Lambswool Roller Covers

For use with all paints. Use where maximum pick-up and delivery are more important than a smooth finish. Use short nap sizes on sand-finished plaster, stucco, wood paneling and smooth-troweled concrete floors. Use longer nap sizes on brick, cinder block and porous concrete.

Pro 100

Name	Use	Size	Nap	Box Qty.	Part No.
Pro 100	A durable and resilient Pelt-Backed sheepskin cover, Pro 100 is constructed with a special solvent-resistant adhesive for longer life in solvent-based paints. The naturally dense wool allows greater pick-up, delivery and release than any synthetic fabric. The seams are sewn and flattened before it is adhered to its super strength, long life phenolic core. Use instructions are in English and Spanish.	9"	1/2"	12	20017
		9"	3/4"	12	20018
		9"	1"	12	20019
		9"	1-1/4"	12	20020

Production Covers

A complete selection to meet both the needs of the professional and do-it-yourself painters. Use short nap sizes on sand-finished plaster, stucco, wood paneling and smooth-troweled concrete floors. Use longer nap sizes on brick, cinder block and porous concrete.

Smooth Stroke

Flow Easy

Long Reach Replacement Covers

Duo-Pack - DP99

Name	Use	Size	Nap	Box Qty.	Part No.
Smooth Stroke-PS	These long lasting, price-sensitive covers are made with medium density, knitted polyester. They are engineered for high production rates and quality finishes with low-tack coatings. However, they are also commonly used for floor roll-out with tackier coatings, when finish is not an issue. Super strength, long life phenolic core.	9"	1/2"	24	20072
		9"	3/4"	12	20073
		9"	1"	12	20070
Flow Easy-R9	Economically priced for use with flat and other low-tack coatings. Super strength, long life phenolic core.	4"	3/8"	24	20061
		7"	3/8"	12	20035
		9"	3/8"	24	20036
Long Reach Replacement Covers All-Purpose.		6-1/2"	1/2"	12	20064
Duo-Pack - DP99	Least expensive, throw-away covers. (2 per pack)	9"	3/8"	24	20012
